

Title: A Blackened Tome, crusted with dried blood

Author: Ceinwyn ab'Arawn

«««««[K]»»»»»»

What compelled you to open this tome to discover what writings may lie within? Call it curiouosity, eh? Those of "Virtue" would call such curiouosity evil... They know not what true evil is. But they will soon. The same dark force which caused you to crack open this book is the same force that continues to draw many to the heart of Umbra, the heart of Darkness, itself. A city, a magnificent realm of darkest shadow. Home to all things that go bump in the night.

≈§≈

Allign thy blackened heart to our cause! Join thy power and smite those of the Light along with us. Together, we shall strike down those that seek to wipe us, the deserving, the rightful rulers of Malas, from existence.

≈§≈

So, if you are tired of the "good guys" always winning, if you are tired of being persecuted for your desire to study Necromancy and other dark lore, or if you simply feel the urge and desire to lash back at the virtue-mongers, the Realm of Umbra is the perfect place for you.

≈§≈

Join and assist us in building our realm and

protecting it from any of
the so-called "Virtuous"
crusaders.

≈§≈

Become one of our family
and gloat in the face of
the righteous, as we
prove to them that in
these lands, good does
not always prevail.

≈§≈

Based in Umbra, South
Malas, Realm of Umbra is
a role-playing guild inclined
to darkness and evil. We
are seeking warriors,
mages, crafters, tamers,
any class or skill to
bring glory and power to
the Realm of Umbra.

≈§≈

There will be PVM for
hunting and PVP, when we
are called upon to do
battle with those who
would threaten our realm.

≈§≈

Role-playing is a
requirement. If you never
have role-played, but are
interested, we will assist
you. If you would like to
learn more, send a note
to Deathwisp/Ceinwyn at
ICQ#96750049.
